**This application is to be completed and forwarded to the Registrar within 8 weeks of whelping if not a \$50 late fee will apply. A signed Service Certificate is required unless the breeder who is recording the litter was the owner or the lessee of the sire at the time of mating.**

### Instructions for completing this application (see also Breeders Handbook)

1. Please print all details clearly in block letters. No lines are to be left blank.
2. Both the sire and the dam must have been MFCA Adult Registered at the time of conception and whelping. PLL status of sire and dam must be known - refer to Breeders Handbook for full details.
3. **List male puppies first.**
4. **You must email three (3) good quality photos of the whole pup or pups, front view showing head markings, left hand side and right-hand side showing markings.**
5. **Photographs must be supplied of all bobtails. To be taken shortly after birth, clearly showing the natural bobtail & also showing the umbilical cord still attached to the pup. Or a sign letter from your veterinarian which states that the tail is a naturally occurring bobtail.**
6. **Ensure all photos are clearly identified with the pup's name.** These photos will be permanently retained on the MFCA Database.
7. If you are keeping a pup, please circle "Breeder to retain" and a certificate will be issued to you.
8. The fee for the Litter Recording is **\$10.00 per pup** and payment or payment details must accompany this form.
